Caicos Dream Snorkeling Tour

Our Providenciales snorkeling tours will take you beach cruising through Providenciales, along Grace Bay beach, and snorkeling the Barrier Reef (the third largest reef in the world!) and finally a stop at gorgeous Half Moon Bay where you get to come face to face with the Rock Iguanas!

The first stop on our Providenciales snorkeling tours will be the Turks and Caicos barrier reef; the third largest reef in the world and over 125 miles in distance! The natural barrier guards the north shore of Providenciales and preserves its beautiful white sand beach. It's also the reason why the water is so clear and blue. On a clear sunny day you can see up to a hundred feet underwater! Sixty different types of coral are said to reside here. The barrier reef is also a fantastic spot to catch a glimpse of whales, dolphins, stingrays, turtles, and many incredible species of tropical fish. If you're interested in seeing the best fishing locations in the area, check out our fishing charters!
